

The antenna UNITEL model UAN-900, is manufactured and designed to give high performance for a long time, if it is installed properly.

MODEL	UAN 900
Product Description	800 - 920 MHZ
Product Narrative	Yagui directional antenna designed with 12 elements, elements fully assembled aluminum for greater durability getting 12 dB maximum gain.

Specific Freq. (MHz)	800 - 920 MHZ
Gain (dB)	12 dB
Maximum Input Power (Watts)	250
Bandwidth >1.5 VSWR	30
VSWR	1.5 to 1 or less
Nominal Impedance	52 (Ohms)
Vert. Beamwidth (-3dB)	34
Lightning Prot.	Direct Ground
Standard Termination	SMA-Female
Overall Length	1200(mm)
Mounting clamps	Galvanized Steel
Rated Wind Velocity (MPH)	150 (KPH)
Net Weight	2 Lbs
Shipping Weight	3 Lbs
Warranty	1 year

NOTE: FOR ANTENNA YAGUI PLEASE SPECIFY THE FREQUENCY OF OPERATION TO MAKE THE ORDER.
